

SPACE SETTLEMENT SUMMIT 2018

NOVEMBER 2 - 3, 2018
LOS ANGELES, CALIFORNIA

National Space Society

About the NSS

The origins of the National Space Society (NSS) date back to 1975. We are an independent nonprofit organization dedicated to the creation of a 21st century spacefaring civilization. The NSS is widely acknowledged as the preeminent citizen's voice on space. NSS has over 50 chapters in the United States and around the world. The society also publishes *Ad Astra* magazine, an award-winning periodical chronicling the most important developments in space.

For more information visit www.nss.org.

Our Vision

People living and working in thriving communities beyond the Earth, and the use of the vast resources of space for the dramatic betterment of humanity.

Our Mission

NSS mission is to promote social, economic, technological, and political change in order to expand civilization beyond Earth, to settle space and to use the resulting resources to build a hopeful and prosperous future for humanity.

SPACE SETTLEMENT SUMMIT 2018

In recognition of this era of incredible growth in space, the National Space Society's Space Settlement Summit 2018 brings together leading people, companies and organizations who are working together to make space settlement a reality.

Participation in this exclusive event is by invitation only, and is limited to a select group of thought leaders and influencers who are spearheading the international conversation about the near-term settlement of space. The goal of Space Settlement Summit 2018 is to facilitate the convergence of interests and opportunities among key players with the purpose to identify critical issues that need to be resolved along the path to space settlement.

SPACE SETTLEMENT SUMMIT 2018

NOVEMBER 2 – 3, 2018

In the past 50 years, humans have probed the solar system from the sun to Pluto, and are just starting to reach beyond. While this exploration continues, the critical next step is to learn how to utilize the vast resources found in space to develop a thriving space economy, leading to the long-term settlement of space. If your organization wants to be a meaningful partner in this vibrant future, join us for the National Space Society's Space Settlement Summit 2018.

Venue: **University of Southern California, Marshall School of Business, Fertitta Hall**
